# YACHT OF THE YEAR 2019 in Taiwan

## MONTE FINO Victoria 76

The Monte Fino F76 Fly, also named as Victoria 76 is the new addition to its F-Class range which combined Kha Shing's 40 years manufacturing experiences with leisure recreational. The designed and built for liveaboard diving trips yacht makes its debut in 3<sup>rd</sup> Taiwan International Boat Show which is the first publish in Taiwan.

The streamline moderne appearance of Victoria 76 is designed by British designer - Rob Humphreys, carrying two CAT C-18 1150 HP diesel engines, the performance turns an average top end of 21 knots, additionally, it reaches the furthest distance 800 NM and allow to sail in international sea area.

To provide relax and enjoy journey, Victoria 76 equipped with bow thruster and stabilizer to maintain the vessel in the precise position. In addition, interceptor, fresh Water System, high end audio & video system and advance navigation equipment likes 3D chart and infrared night vision camera as well as onboard air compressor can remain the vessel in safe operation.

For the growing diving market, Victoria 76 takes into consideration for variety needs of diving activities with comfortable luxury yachts when designing. The seat on the after deck has configured for placing cylinders and the railing of the fixing rope. The space under the seat adds more storage for equipment such as fins. When it is in leisure use, this space can place seat cushion as sofa. In order to meet the needs of multiple dives and to reduce the number of cylinders carried on the ship, a special aerator for diving is providing on the boat, a charging connector for cylinder is at the top of the seat and a freshwater pool in after deck provides for after diving.

For accommodating 30 people on board, Victoria 76 designed U-shaped couch at two sides in Salon, and has a six-people dining table. Plus seating area at the afterward deck, the yacht easily offers spacious seating. The bar next to the Salon has two layers can be served much more meals. American style big kitchen design makes chef have enough space to prepare 30 people meals.

The yacht has different designs with others, yet maintains interior exquisite workmanship. Lower deck has two four-people cabins, three six-people cabins and four suite heads, and all cabins have bunk beds. The cabins offering totally 26 people accommodation to suit liveaboard & diving and leisure needs. Fly bridge deck not only has spacious area but also has bar and grill, tender and crane on the back side to increase flexibility of water activities.

The yacht installs electric stabilizer to remain it stable on water whether when sailing or berthing at the marina, even rough sea, which reduces uncomfortable from waves rock the yacht.

For loving ocean ecology, diving and leisure aboard friends, Victoria 76 will be a crucial key to motivate diving activities, when it is a important backstage driving force for upgrading yacht leisure life. Chartering yachts give more people that are able to touch water activities on the yacht, which also attract loving diving friends from foreign country, both to promote Taiwan yachting industry and tourism gradually.
